SELLER's QUALITY SYSTEM

Seller shall maintain a quality system that will ensure all goods and services conform to contract requirements whether manufactured or processed by Seller or procured from Seller's subcontractors. Seller is responsible for performing or ensuring all inspections, tests and calibration necessary to substantiate that the goods or services furnished conform to contract requirements. Records of conformance shall be maintained on file at Seller's facility and upon request by Buyer these records will be made available or provided for review by Buyer. Seller's facilities and quality system are subject to Buyer review. Seller shall take prompt action to correct conditions that have or could result in goods or services that do not conform to contractual requirements.

If the product specification includes a Qualified Products List (QPL), or Qualified Manufacturers List (QML) then the manufacturer of the product must be listed on the QPL/QML.

If Seller is a Distributor or other than the manufacturer, then the manufacturer's name and location (city and state) shall be identified within Seller's shipping documentation.
