

**Q940**      Evidence of Compliance With Material and Process Specification - rev 10/1/01

Seller shall provide a certification with each shipment to attest that the parts, assemblies, subassemblies, or detail parts conform to the applicable material and process requirements of the Buyer's purchase order.

Seller shall present material test results, process certifications and inspection records as applicable to the Buyer upon request.

Seller shall perform inspection to determine the acceptability of all articles under this order before presenting such articles to Buyer for inspection. All articles submitted by Seller under this purchase order are subject to final inspection at Buyer's plant.

Seller may use a reproduction of the following form for Seller's clause 630 certification document, or may develop an equivalent form for this purpose.
