**ELECTRICAL WIRE AND CABLE TEST REPORT - DELIVERABLE**

Seller shall provide certification that each shipment of electrical wire or cable furnished under this contract conforms to the applicable specifications. If Seller is not the manufacturer, additionally a copy of certification is required from the manufacturer and copy of the manufacturer's test report(s) shall be included to conform to the following test report requirements.

- a) For each lot of wire or cable in each shipment, a certified test report or copy thereof shall be included with the packing sheet. The test report shall, at a minimum, include a record of the physical, chemical, or electrical (and in the case of RF cable, electronic) inspections and tests conducted to satisfy the acceptance requirements of applicable specifications, and shall include numerical results when applicable. For cable shipments, these requirements apply to both basic wire and finished cable. When the specification requires other inspection or test data to be reported, it shall be included in the test report.
- b) Test reports shall provide the manufacturer's name, the specification number and revision date or change letter, and other data required by the specification, and must be identified to or correlated with the lot shipped.
