Q814 General Quality Assurance Program/System Requirements - rev 3/6/01

Prior to contract award, the seller shall have a Quality Assurance Program in place that meets the requirements of the contractually specified Quality System. The seller's Quality System is subject to a Boeing Company survey/audit prior to contract/purchase order award. Upon request of The Boeing Company's Subcontract Administrator/Buyer, the seller(s) shall forward a copy of their current Quality Assurance Manual for The Boeing Company's review.
