

**Critical Safety Items (CSI)**

This clause applies only if this Contract is issued under a U.S. Government Prime Contract or Subcontract.

Seller is hereby notified that goods procured herein are designated as Critical Safety Items (CSI) as defined in DFAR 252.209-7010. Parts designated CSI may be subject to heightened, risk-based surveillance by Seller's designated Defense Contract Management Agency (DCMA) Quality Assurance Representative (QAR). Details of such heightened surveillance requirements will be provided by the QAR. Government inspection or release of goods or services prior to shipment is not required unless Seller is otherwise notified.

Upon receipt of this contract, Seller shall promptly notify the Government Representative who normally services Seller's facility.

If a Government Representative does not normally service Seller's facility, Seller shall furnish a copy of this contract to the nearest DCMA office. In the event the Government Representative or DCMA office cannot be located, Seller shall immediately notify Buyer's Authorized Procurement Representative.
