1. BUYER'S USE OF DATA AND INFORMATION

(This article applies only if this contract is issued under a Government prime contract or subcontract.)

Seller agrees that any data such as drawings, instructions, or information furnished to Buyer in connection with this contract will be free from confidential, proprietary, or restrictive-use markings, other than statutory patent, copyright, U.S. Government security notices, or properly applied restrictive legends permitted by appropriate FAR, Department of Defense FAR Supplement (DFARS), or NASA FAR Supplement clauses incorporated herein. Buyer, its agents, or its assignees may duplicate or use such documents in connection with the manufacture, use, or disposition of the material furnished under this contract and may remove, obliterate, or ignore any such marking as may be on such documents unless such markings are specifically permitted by applicable FAR, DFARS, or NASA FAR Supplement clauses. Except as may be otherwise provided in this contract, all information and data disclosed or furnished to Buyer in connection herewith will be deemed to be disclosed or furnished as part of the consideration for this contract, and Seller agrees not to assert any claims (except claims for patent infringement) by reason of any use, duplication, or disclosure thereof.

7. INDEMNIFICATION, INSURANCE, PROTECTION OF PROPERTY, AND EVIDENCE OF CITIZENSHIP

(This article applies only if this contract incorporates GP1 or GP4 and requires Seller to work at a Boeing site.)

- a. Indemnification Negligence of Seller or Subcontractor. Seller shall indemnify and hold harmless The Boeing Company, its subsidiaries, and their directors, officers, employees and agents from and against all actions, causes of action, liabilities, claims, suits, judgments, liens, awards and damages of any kind and nature whatsoever for property damage, personal injury or death (including without limitation injury to or death of employees of Seller or any subcontractor thereof) and expenses, costs of litigation and counsel fees related thereto or incident to establishing the right to indemnification, arising out of or in any way related to this contract, the performance thereof by Seller or any subcontractor thereof or other third parties, including, without limitation, the provision of services, personnel, facilities, equipment, support, supervision or review. The foregoing indemnity shall apply only to the extent of the negligence of Seller, any subcontractor thereof or their respective employees. In no event shall Seller's obligations hereunder be limited to the extent of any insurance available to or provided by Seller or any subcontractor thereof. Seller expressly waives any immunity under industrial insurance, whether arising out of statute or source, to the extent of the indemnity set forth in this paragraph (a).
- b. Commercial General Liability. If Seller or any subcontractor thereof will be performing work on Buyer's premises, Seller shall carry and maintain, and ensure that all subcontractors thereof carry and maintain, throughout the period when work is performed and until final acceptance by Buyer, Commercial General Liability insurance with available limits of not less than one million dollars (\$1,000,000) per occurrence for bodily injury and property damage combined. Such insurance shall contain coverage for all premises and operations, broad form property damage, contractual liability (including, without limitation, that specifically assumed under paragraph (a) herein) and goods and completed-operations insurance with limits of not less than one million dollars (\$1,000,000) per occurrence for a minimum of 24 months after final acceptance of the work by Buyer. Such insurance shall not be maintained on a per-project basis unless the respective Seller or subcontractor thereof does not have blanket coverage.
- c. Automobile Liability. If licensed vehicles will be used in connection with the performance of the work, Seller shall carry and maintain, and ensure that any subcontractor thereof who uses a licensed vehicle in connection with the performance of the work carries and maintains, throughout the period when

Failure of Seller or any subcontractor thereof to furnish certificates of insurance, or to procure and maintain the insurance required herein or failure of Buyer to request such certificates, endorsements or other proof of coverage shall not constitute a waiver of Seller's or subcontractor's obligations hereunder.

- f. Self-Assumption. Any self-insured retention, deductibles and exclusions in coverage in the policies required under this article shall be assumed by, for the account of and at the sole risk of Seller or the subcontractor which provides the insurance and to the extent applicable shall be paid by such Seller or subcontractor. In no event shall the liability of Seller or any subcontractor thereof be limited to the extent of any of the minimum limits of insurance required herein.

agents for any such loss or destruction of or damage to any property of Seller, any subcontractor or their respective employees. At all times Seller shall, and ensure that any subcontractor thereof shall, use suitable precautions to prevent damage to Buyer's property. If any such property is damaged by the fault or negligence of Seller or any subcontractor thereof, Seller shall, at no cost to Buyer, promptly and equitably reimburse Buyer for such damage or repair or otherwise make good such property to Buyer's satisfaction. If Seller fails to do so, Buyer may do so and recover from Seller the cost thereof.

(i) Buyer may be required to obtain information concerning citizenship or immigrant status of Seller's personnel or Seller's subcontractor personnel entering the premises of Buyer. Seller agrees to furnish this information before commencement of work and at any time thereafter before substituting or adding new personnel to work on Buyer's premises. Information submitted by Seller shall be certified by an authorized representative of Seller as being true and correct. (ii) With respect to Seller personnel or Seller's subcontractor personnel entering the premises of Buyer to perform work under this contract, Seller specifically agrees that it is, and will remain, in compliance with the United States statute known as the Immigration Reform and Control Act of 1986, as amended, and will permit Buyer, upon reasonable notice, to inspect and audit Seller's records documenting such compliance with respect to said personnel. Seller subcontracts for work under this contract shall suitably modify the parties in this paragraph and include the substance of this paragraph in subcontracts such that the subcontractor has the same obligation as Seller.

12. ITAR REGISTRATION REQUIREMENTS

Seller shall comply with International Traffic in Arms Regulation §122.1, Registration requirements.

13. EXPORT LICENSING INFORMATION/OFFSHORE PROCUREMENT

- a. This contract, including any attachments or exhibits hereto, may contain information which is subject to the International Traffic in Arms Regulations (ITAR) or Export Administration Regulations (EAR) which may not be released to foreign concerns or foreign persons either inside or outside the United States without first obtaining the proper export authority. Seller shall obtain an export license pursuant to the requirements set forth herein for any items that Seller either manufactures or subcontracts outside the U.S or before allowing access to any technical data by a foreign person in the United States. If Seller is a "Foreign Person" (as defined by the International Traffic in Arms Regulations [ITAR] reference 22 CFR Sub-chapter M) the Seller shall, upon request of Buyer's Procurement Agent and without additional cost, provide such information as may be necessary to support Buyer's application for export license(s) covering any items ordered from Seller hereunder.
- b. This Contract may contain defense related technical data. Buyer has obtained, or will obtain, the approval of the U.S. Government to furnish to Seller the data, and any other items hereunder requiring such approval, which are necessary for Seller to perform this Contract. U.S Government approval is based upon the following ITAR requirements with which Seller agrees to comply:
 - (1) Seller shall use the technical data furnished by Buyer only in the manufacture of defense articles in accordance with this Contract.
 - (2) Seller shall not disclose or provide technical data furnished by Buyer to any person except authorized U.S. citizen, protected person, permanent resident alien (immigrant alien). If Seller is a "Foreign Person," it may also disclose or provide technical data furnished by Buyer to its employees who are

citizens of the same country and qualified subcontractors in the same country which require the data in performance of the subcontracts.

- (3) Seller shall not disclose or provide technical data furnished by Buyer to any foreign person either in the U.S. or abroad unless obtaining prior authorization directly from the U.S. Department of State Office of Defense Trade Controls (ODTC). ITAR defines a "foreign person" as any person who is not a U.S. citizen, permanent resident alien, or a protected individual as defined by 8 USC 1324B(a)(3). Foreign person also means a foreign corporation (corporation not incorporated in the U.S.), foreign government, and any agency or subdivision of foreign governments (i.e. diplomatic mission).
- (4) Seller shall not acquire any rights in the data furnished by Buyer except to use it in the performance of this Contract. Seller also shall not convey to its qualified subcontractors any greater rights in the data than Seller has. Seller's qualified subcontractors shall only have the right to use the data as required in performance of their subcontracts.
- (5) Seller shall deliver the defense articles manufactured in accordance with this Contract only to Buyer or to the U.S. Government.
- (6) Upon completion or termination of this Contract, Seller shall destroy or return to Buyer all technical data furnished to Seller by Buyer pursuant to this Contract. At Buyer's election, Buyer may direct Seller to return or destroy the data and may require Seller to certify in writing that Seller has complied.
- (7) Seller shall impose these requirements, (1) through (7), suitably revised to identify the parties properly, on all of its subcontractors to which Seller intends to furnish technical data provided by Buyer for use by the subcontractors in performance of the subcontracts.

14. BUYER APPROVALS

Seller agrees that any and all Buyer approvals of Seller's technical and quality specifications, drawings, plans, procedures, and reports shall neither relieve Seller from Seller's obligations to perform all of the requirements of this contract nor be used as conclusive evidence of Seller compliance with such requirements.

16. INDUSTRIAL PARTICIPATION COMMITMENT

IDS Terms and Conditions Guide
Section H

Clause Number: H900
Effective: 12/15/08

Seller shall use its best efforts to cooperate with Boeing in the fulfillment of any Industrial Participation (IP), Offsets, Co-Production or similar obligations to certain foreign governments that Boeing may have accepted as a requirement for the sale of products to foreign customers.

17. NOTICE OF THE REQUIREMENTS OF DFARS 252.225-7014, *PREFERENCE FOR DOMESTIC SPECIALTY METALS, ALTERNATE 1* (HEREINAFTER “SPECIALTY METALS CLAUSE”)

(This article applies only if this contract is issued under a Department of Defense (DoD) prime contract or subcontract under a DoD prime contract.)

DoD's interpretation of this specialty metals clause is that it prohibits the contractor (including its suppliers at every tier) from incorporating into military parts, components, and/or end item deliverables “specialty metals” (identified in the clause, including titanium and stainless steel) which have been melted outside the United States, its possessions, or Puerto Rico, unless certain limited exceptions set forth in the clause or DFARS Subpart 225.7002-2 apply. One such exception is for specialty metals melted in a qualifying country or incorporated into an article manufactured in a qualifying country. Those countries are listed at DFARS 225.872-1(a) or (b). Since the United States is not listed as a qualifying country, DoD does not consider it to be a qualifying country. Even if a qualifying country exception applies, the source for specialty metals melted outside the United States may also have to be listed in an applicable Qualified Products List (QPL), such as that set forth in Douglas Material Specification (DMS) 2201, *Procurement from Foreign Sources - Metallic Raw Material*. Please check your purchase order carefully for any such requirement. If your purchase order contains this requirement, you must comply with its provisions unless you apply for and are granted, through The Boeing Company, one or more of the limited exemptions authorized under the specialty metals clause.

If your organization is issued a purchase order with the specialty metals clause, compliance to the following is strongly encouraged:

- a. Your Quality Assurance Personnel, particularly Receiving Inspection, (i.e. where in-coming material and certifications are verified), should be made aware of specialty clause requirements, and ensure that no foreign melted specialty metals are utilized to fabricate any components for use on a product to be supplied to DoD unless they are melted in a qualifying country.
- b. If a distributor or other sub tier supplier is the source of your material, ensure that the specialty metals clause requirements have been flowed down. Also take the necessary steps to ensure that your supplier provides only specialty metals (such as Titanium or stainless steel) that have been melted within the United States or a qualifying country and, if required, proper certifications are issued.

18. DEFECTIVE COST OR PRICING DATA

a. If Seller, its subcontractor, or prospective subcontractor fails to submit accurate, complete and current cost or pricing data, and, as a result of that failure, the Government reduces the price of Buyer's prime contract, Buyer may recover from Seller an amount equal to the price reduction of the prime contract.

b. If, as a result of Seller's or its subcontractor's foregoing conduct, the Government imposes a penalty on or charges Buyer interest, Buyer may recover from Seller the amount of that interest or penalty.

c. For the purposes of paragraphs a. and b. of this Article 18, if Buyer is a higher tier subcontractor, "Government" means the higher tier contractor and "prime contract" means the higher tier subcontract.

d. Seller will not raise as defenses the matters listed in FAR 52.215-10(c)(1) (OCT 1997) or FAR 52.215-11(d)(1) (OCT 1997).

19. BUSINESS SIZE REPRESENTATIONS AND CERTIFICATIONS

The Seller is hereby notified that, under 15 U.S.C. 645(d), any person who misrepresents a firm's business size or socioeconomic status as defined in FAR 52.219-9 in order to obtain a contract to be awarded under the preference programs established pursuant to sections 8(a), 8(d), 9 or 15 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, shall:

- a. Be punished by imposition of a fine, imprisonment, or both;
- b. Be subject to administrative remedies, including suspension and debarment; and
- c. Be ineligible for participation in programs conducted under the authority of the Act.

Socioeconomic status for Boeing subcontracts includes the list of concerns in FAR 52.219-9 as well as women-owned small business concerns, Historically Black College or University or Minority Institutions, Indian organizations or Indian-owned economic enterprises, rural area small business concerns, foreign business concerns, joint ventures, and/or a large minority business concerns or women-owned large business concerns.

20. DELIVERY PAYMENT TERMS

Buyer uses Seller's BEST composite score by site to determine delivery payment terms.

IDS Terms and Conditions Guide
Section H

Clause Number: H900
Effective: 12/15/08
Page: 12 of 18

The delivery payment terms were calculated by adding Seller's average days late, as recorded by Buyer's BEST system rounding up to a multiple of 30 days, to the standard 30 day delivery payment term. If Seller's delivery ratings change over the three most current months sufficient to justify a change in the payment terms, Seller agrees the payment due date for Seller invoices may be extended by Buyer by the average number of days late until there are no average days late.

21. IMPORT COMMERCIAL INVOICING

The supplier and/or shipper shall utilize Form F70210 – Commercial Invoice or its Exostar equivalent (when available) for Boeing U.S. imports when making an international shipment to the United States, where Boeing is the Importer of Record. Form DD250 does not supersede the use of this form.

22. INVOICE AND PAYMENT CLAUSE (applicable when the Purchase Contract includes The Boeing Company General Provisions GP3 [Labor Hour/Time & Material Contract] and the Purchase Contract is issued under a Government contract or subcontract).

The Seller Furnished Material Clause of GP3 is deleted and the following inserted in lieu thereof and is applicable only to the portion of the Purchase Contract that provides for reimbursement for material (as defined in the clause at FAR 52.232-7) at actual cost.

a. Except as provided in this article, payment will be made in accordance with the following clauses of the Federal Acquisition Regulations (FAR), which are incorporated by reference. In each of the following clauses "Contractor" means Seller, "Contracting Officer" means Buyer's Authorized Procurement Representative, "Government" means Buyer, and "Disputes Clause" means the Disputes Clause of this contract.

(i) FAR 52.216-7 (Dec 2002) Allowable Cost and Payment, except that for purposes of final indirect cost rate determinations in paragraph (d), the terms "cognizant Federal Agency official" and "appropriate Government representative" maintain their original meaning, subparagraphs (a)(2), (b)(4), and (d)(4) are deleted, paragraph (f) is deleted, in subparagraph (h)(2)(ii)(B) the term "6 years" is deleted and replaced with the term "5 years 9 months," and the blank in paragraph (a)(3) is filled-in with the word "30th," unless otherwise specified in the contract.

b. Each invoice shall include Buyer's contract number. Buyer may take any offered discount. Payment due date, including discount periods, shall be computed from the date of receipt of a correct invoice.
