Additional Provisions:

Notice of the requirements of DFARS 252.225-7014, *Preference For Domestic Specialty Metals, Alternate I* (hereinafter "specialty metals clause")

DoD's interpretation of this specialty metals clause is that it prohibits the contractor (including its suppliers at every tier) from incorporating into military parts, components, and/or end item deliverables "specialty metals" (identified in the clause, including titanium and stainless steel) which have been melted outside the United States, its possessions, or Puerto Rico, unless certain limited exceptions set forth in the clause or DFARS Subpart 225.7002-2 apply. One such exception is for specialty metals melted in a qualifying country or incorporated into an article manufactured in a qualifying country. Those countries are listed at DFARS 225.872-1(a) or (b). Since the United States is not listed as a qualifying country, DoD does not consider it to be a qualifying country. Even if a qualifying country exception applies, the source for specialty metals melted outside the United States may also have to be listed in an applicable Qualified Products List (QPL), such as that set forth in Douglas Material Specification (DMS) 2201, *Procurement from Foreign Sources - Metallic Raw Material*. Please check your purchase order carefully for any such requirement. If your purchase order contains this requirement, you must comply with its provisions unless you apply for and are granted, through The Boeing Company, one or more of the limited exemptions authorized under the specialty metals clause.

If your organization is issued a purchase order with the specialty metals clause, compliance to the following is strongly encouraged:

- a. Your Quality Assurance Personnel, particularly Receiving Inspection, (i.e. where in-coming material and certifications are verified), should be made aware of specialty clause requirements, and ensure that no foreign melted specialty metals are utilized to fabricate any components for use on a product to be supplied to DoD unless they are melted in a qualifying country.
- b. If a distributor or other subtier supplier is the source of your material, ensure that the specialty metals clause requirements have been flowed down. Also take the necessary steps to ensure that your supplier provides only specialty metals (such as Titanium or stainless steel) that have been melted within the United States or a qualifying country and, if required, proper certifications are issued.

If your organization needs further information and/or assistance, please contact the Boeing Procurement Quality Representative assigned to your facility or identified in your purchase order.

(Applies only if contract item contains specialty metals.)

DEFENSE PRIORITY RATING. If a defense priority rating is identified on the face of this contract, this is a rated order certified for national defense use and the Seller shall follow all the requirements of the Defense Priorities and Allocations Systems Regulation (15 CFR Part 700), including accepting or rejecting this contract in writing within fifteen (15) working days after receipt of DO rated or ten (10) days after receipt if DX rated. If rejected, the reason(s) for such rejection shall be included in the notice to the Buyer.

ANTI-KICKBACK PROCEDURES. Seller agrees to abide by the Anti-Kickback Act of 1986 (41 U.S.C. 51 through 58) and FAR 52.203-7, "Anti-Kickback Procedures" which is incorporated herein by reference, except that subparagraph (c)(1) of FAR 52.203-7 shall not apply to Seller, and further that in subparagraphs (c)(2), (c)(3), and (c)(5), the term "Contractor" shall mean Seller, and in subparagraph (c)(4) the term "Prime Contractor" shall mean Buyer and the term "Subcontractor" shall mean Seller. In addition to reporting possible violations of the Anti-Kickback Act to the Government pursuant to 41 U.S.C. §57(c), Seller shall report such possible violations, if related to Buyer, to the Director of Materiel and/or the Division Counsel of the Boeing division or subsidiary issuing this

contract. Seller agrees to hold Buyer harmless from, defend Buyer against, and indemnify Buyer for all costs, expenses, and offsets Buyer may incur as a consequence of violations of this clause by Seller or by Seller's subcontractors or suppliers. The rights and obligations set forth in this clause shall survive completion of, final payment under, or termination of, this order.

TRUTH IN NEGOTIATIONS ACT. (Applicable if certified cost or pricing data was provided.) Seller shall comply with the provisions of FAR 52.215-10 and 52.215-12 which are incorporated herein by reference to the extent such clauses are or become applicable to this contract. In the absence of other instructions, Seller shall submit cost or pricing data for changes which exceed the established threshold consistent with the cost or pricing data instructions applicable to the proposal for this contract. Seller shall reimburse the Buyer any amount by which this contract is determined by the Government to have been overpriced because of Seller's or Seller's subcontractor's failure to comply with such provisions plus any interest, fines or other penalties imposed upon the Buyer as a result of the Seller's or the Seller's subcontractor's defective pricing.
